

To obtain either of the two NASA Thesaurus Data-File products:

- (1) Complete, print and sign a copy of the Agreement for the Terms and Conditions of Use (below)
- (2) Complete and print the [Order Form](#)
- (3) Mail or FAX both items to the address at the end of the agreement

Following receipt of the signed agreement and Order Form, you will be contacted by the NASA Center for AeroSpace Information with instructions for data transfer.

Requests for alternate usage agreements should be directed to:
Michael Genuardi, mgenuardi@sti.nasa.gov, (301) 621-0114

Terms and Conditions of Use for NASA Thesaurus Data File Products

Submittal of this form indicates the customer's acceptance of the following terms and conditions:

- This product and the data contained therein are intended for the sole use of the customer or site-specific use by the customer's organization. The data may not be installed on any system with public Internet access. The customer may not reproduce the data for distribution to any third party. Additional requests should be directed to the NASA Center for AeroSpace Information (help@sti.nasa.gov).
- NASA must be identified as the creator and provider of the data; and if any modification of the content of the files is made, this must be stated, along with a general description of the modifications.
- The customer will not assert any proprietary rights to any portion of the data, or attribute the data to any source other than NASA.
- Neither NASA, the United States Government, nor any of its contractors make any warranties, expressed or implied, with respect to data contained in this product, and assume no legal liability for any party's use of the data or the results thereof.
